About US

Computer Learning Centre is an IT and Business training provider that focuses on delivering market leading certifications. Our training is hands on and encourages real life scenarios into the classroom to ensure that skills learnt in class are well integrated into the work place.

Our training sessions are meticulously planned by our trainer and are designed in a manner geared toward the maximization of efficiency. Your time is valuable, and so is ours, so our goal is to best prepare you while taking up the least amount of your time possible.

Mission Statements : To provide our customers with a well thought out training experience that is commensurate with their objectives while providing value for the investment.

Vision : To be the market leader in quality IT training and testing of certification and specialization courses for cooperates , government and individuals.

Why CLC

- Highly qualified and experienced instructors and consultants with comprehensive certifications.
- Complete, authorized training solutions for leading technology vendors like Cisco, Microsoft, EC-Council, Oracle,
- Linux and others as well as numerous own technology courses.
- Outstanding Customers Service.
- Classes are fully equipped for hands on training.
- Lab simulations on real life scenarios.
- Dedicated Account Manager to facilitate you training needs.

Delivery Method

ILT - Instructor-Led Classroom Training
ILT sessions are conducted in a physical classroom environment

E-Learning
Broaden your knowledge of different technologies and learn anytime, anywhere, at your own pace.

Private Onsite Training
We can deliver any course as a private onsite program.

20+ Years of Service | 16+ Authorizations | 6+ Locations | 6,000+ Professionals Trained

Computer Learning Centre Authorized Training

Computer Learning Centre can offer the following trainings in conjunction with Accredited Training Centers (ATC) or partners .

Cisco Training

We have a comprehensive training portfolio that includes Routing and Switching , Security, Data Center, Collaboration, Wireless and Cloud , you have access to everything you need to remain competitive in today's marketplace and keep operations running smoothly.As a Cisco Authorized Learning Partner, our enhanced course content and labs help you meet your technology education goals. Our instructors hold Certified Cisco Systems Instructors (CCSIs) ensuring that you are armed with the skills and knowledge needed for a seamless technology adoption.
