

CAPM® - Certified Associate in Project Management

The entry-level CAPM certification demonstrates your understanding of the fundamental knowledge, terminology, and processes of effective project management. Considered an essential step for project managers, the CAPM certification is ideal for less-experienced project practitioners who want to demonstrate their commitment to project management, improve their ability to manage larger projects and earn additional responsibility, and stand out to potential employers.

Our CAPM exam-preparation courses help you gain the essential skills and knowledge needed to pass the PMI® CAPM exam. In courses taught by PMP®-certified professionals, you will focus on *A Guide to the Project Management Body of Knowledge, (PMBOK Guide) - Fifth Edition, Project Management Institute, Inc., 2013, learn PMI terminology, and use learning tools, such as:*

PMBOK® Guide - Fifth Edition More than 600 practice questions
CAPM exam prep study guides
Flash cards for each knowledge area
Exercises throughout the course to reinforce PMP and CAPM exam concepts
Handy reference charts
Audio CD of key concepts
Online practice questions and test simulation

CAPM Requirements

To apply for CAPM certification, you must have one of the following:

A secondary-level diploma (high school or equivalent) and at least 1,500 hours of project management experience

Twenty-three hours of project management education by the time you sit for the exam
