Windows Server ® Administration Fundamentals

Duration: 3 Days   Course Code: M40365

Overview:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-365, and build an understanding of these topics: Server Installation, Server Roles, Active Directory, Storage, Server Performance Management, and Server Maintenance. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

Target Audience:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Objectives:

- Understand Server Installation
- Understand Server Roles
- Understand Active Directory

- Understand Storage
- Understand Server Performance Management

Prerequisites:

- There are no prerequisites for this course.

Testing and Certification

- This course helps prepare candidates for Exam 98-365.

Content:
