ITIL®4 - Drive Stakeholder Value

Duration: 3 Days **Course Code: ITIL4DSV**

Overview:

This course provides those IT leaders, practitioners and support staff who already hold the ITIL 4 foundation qualification with an understanding of all types of engagement and interactions between a service provider and their customers, users, suppliers and partners, including key CX, UX and journey mapping concepts. The course is based on the ITIL 4 best practice service value system featured in the latest 2019 guidelines. This course includes an exam

Target Audience:

Individuals continuing their journey in service management
ITSM managers and aspiring ITSM managers

ITSM practitioners who are responsible for managing and integrating stakeholders, focus on the customer journey and experience, and/or are responsible for fostering relationships with partners and suppliers

Objectives:

- The course will help students to understand: -
 - Understand how customer journeys are designed
 - Know how to target markets and stakeholders
 - Know how to foster stakeholder relationships
 - Know how to shape demand and define service offerings
 - Know how to align expectations and agree details of services
 - Know how to onboard and offboard customers and users
 - Know how to act together to ensure continual value co-creation (service consumption / provisioning)
 - Know how to realise and validate service value
-

Prerequisites:

Candidates must hold the ITIL 4 foundation certificate

Testing and Certification

90 minutes, 40 multiple-choice questions. Pass mark 28/40 – 70%
